

Grants Update for President's Council
June 19, 2008

A final report with a list of all projects will be provided after June 30.

As of June 11, the grants activity was as follows:

| Status | Dollars | Number |
|------------|-----------|--------|
| Awarded | 1,912,093 | 12 |
| Pending | 508,986 | 6 |
| Withdrawn | 9,500 | 1 |
| Declined | 7,300 | 2 |
| Developing | 823,889 | 5 |
| Totals | 3,261,768 | 26 |

In those numbers, each proposal & dollar are counted only once. For example, the withdrawn proposal was awarded and then withdrawn. It is not counted as an award in this list, only as withdrawn.

Ratio of Awards to Submissions = 57%

That's 12 awards out of 21 submissions.

For every \$1 we've requested, we've received 78¢.

That's the dollars awarded divided by the total of awarded + pending + withdrawn + declined.
