

TLC

STUDENT OF

THE MONTH

Each month TLC will select a student who has benefitted from our services. April's student is Oksana Dzhur.

Oksana began in the Respiratory Care program at Spartanburg Community College in 2006. She is originally from Ukraine, where she lived until the age of twelve. She and her family lived in Seattle for a year and a half before moving to Spartanburg.

In her free time, Oksana likes to play the piano and read Russian novels. She plans to graduate from SCC in 2011 and begin working as a respiratory therapist. At some point in the future, she may also continue her education.

Oksana first learned about TLC from teachers in a variety of subjects. She thinks TLC is "awesome" because "when students need extra help or are too shy to ask questions in class, it is nice to receive one-on-one help from a tutor." For her, it is helpful that tutors sometimes have a different way of explaining things.

Please join us in encouraging Oksana, our April "Student of the Month."

April 2010
