

# *TLC* *STUDENT OF* *THE MONTH*

*Each month TLC will  
select a student who has  
benefitted from our services.  
September's student is  
Marvín Miller.*

Marvín Miller attends Spartanburg Community College because he wants a better future for himself. He aspires to be a Physical Therapist Assistant. His favorite hobby is detailing cars, which for him is both a source of passion and relaxation. After learning about the TLC from his instructor, Mrs. Monterisi, he became a regular TLC attendee. His visits here encourage him to keep up with his homework and maintain his goals. He reminds us that while the TLC, through patience and courteous service, helps students facilitate their goals, the student "must put forth the effort."

*Please join us in  
encouraging Marvín  
Miller, our  
September "Student of the  
Month."*

*September 2010*
