

TLC

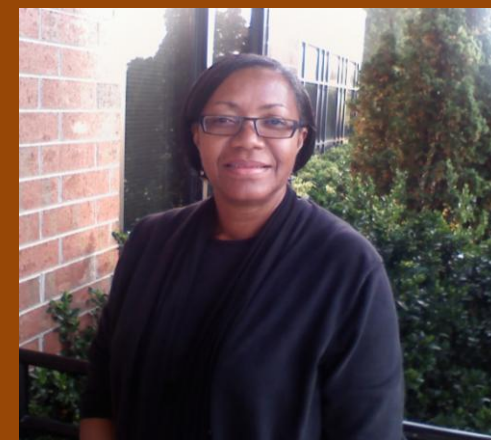

STUDENT OF THE MONTH

*Each month TLC will
select a student who has
benefitted from our services.
November's student is –
Marva Turner*

During these economic times, dislocation affects many workers. Marva Turner is one of them. Through guidance from Career Source, she has chosen to enter the health care field to improve her family's future.

She is working toward an Associate's Degree in Medical Assisting. Visiting TLC daily, she demonstrates determination and persistence. The following is some advice, offered in Marva's own words...
"Faculty, please encourage your students to go to TLC; the tutors are excellent. Students, please don't let this opportunity slip by you. Open your books, your mind, and proceed down the education highway full speed ahead. TLC will take care of the roadblocks ahead and straighten out the curves. I promise you! Just come to TLC with your books, a positive attitude, and be ready to work!"

We could not have said it better!

*Please join us in
encouraging Marva
Turner, our
November "Student of
the Month."*

November 2010
