

TLC STUDENT OF THE MONTH

Each month TLC will select a student who has benefitted from our services. October's student is - Steve Padgett.

Steve Padgett is the TLC's student of the month for October. He is pursuing his nursing degree. He selected Spartanburg Community College after discovering the 100 percent pass rate of nursing students.

Steve has many areas of interest. Steve once played baseball for University of South Carolina Upstate; baseball scouts felt he had the potential to go further in his pursuit of a baseball career until an injury prevented him from continuing in this sport. Steve is also a talented guitarist and played with a local band, Battery Acid. Steve loves joking around and spending time with friends and family. Now he is challenging himself by studying to be a nurse. Steve is a well-rounded individual as shown by his sports, music, outgoing personality, and academic interests.

The TLC has played a part in his academic career. The advising center told him about the TLC, and he has utilized the services of the TLC, finding the tutors helpful and informative when he has had papers to write for his classes. He comes almost every day now to study or avail himself of the assistance of tutors, especially on the writing of his Senior Care Plan.

Steve plans to graduate in December and would like to work in a cardiac acute care area of a hospital.

Please join us in encouraging, Steve, October's "Student of the Month."

October 2012
