

SEPTEMBER

TLC STUDENT OF THE MONTH

Each month TLC will select a student who has benefitted from our services. September's student is – **Denzel Jeter.**

From the student's perspective: "I decided to attend Spartanburg Community College to complete my two year degree in Finance. I learned about The Learning Center through friends that had attended and spoken highly about their experience and the assistance they had received. Typically, I visit The Learning Center every day of the week and get tutored in Spanish, Math, and Biology. I am a dedicated, hardworking student working part-time. I enjoy getting together with my friends, sharing with them dreams of someday owning a multimillion dollar company, or plans of someday working on Wall Street. The Learning Center has helped me throughout my semesters at SCC by helping me prepare for tests, quizzes, or simply answering questions about the material. The tutors are very prepared, insightful, and welcoming. I would recommend to all, old and especially new students, a visit to The Learning Center. I know that they will help you achieve your goals."

Please join us in encouraging **Denzel Jeter,** September's "Student of the Month." **September 2013**
