

OCTOBER

TLC Student of the Month

Each month TLC will select a student who has benefitted from our services. October's student is Shamonte Littlejohn.

This student came to SCC from Dorman High School, where he was in the top 20 percent of his class. Knowing about SCC's graduation rates and post-graduation employment record, choosing SCC was easy. His planned major is Respiratory Care in Applied Science.

This student often visits the Learning Center. Referred to TLC by his English instructor, Mrs. Autenzio, he says that it "is a great service. All the tutors are nice and hard-working. They really do care about your success." He is pleased with the wide variety of course support and very happy that the service is free.

In his spare time, this student loves to fish and enjoys gaming, specifically *Dragon Age*. This student is a member of National Beta Club, which promotes academic achievement, character, and leadership among students. We are proud to have him at SCC.

Please join us in encouraging Shamonte Littlejohn, October's "Student of the Month."
