

JULY

2015
Each month TLC
will select a
student that has
benefitted from
our services.
July's student is
Jason Dunn.

The TLC is pleased to announce that Jason Dunn is our Student of the Month for July. Jason is a biology major who visits the TLC daily. He is married with three children and will soon be a full time student at Wofford College. Jason is also a combat veteran and Purple Heart recipient. Previously, he was a SC state trooper and counts physical training and nutrition as his hobbies.

Jason indicates that “the opportunities available at the TLC provide the skill sets needed to achieve academic excellence. The professional tutoring staff can provide assistance to students on multiple levels of ability across a wide range of disciplines.” The TLC is grateful to Jason’s mentors who taught him the value of an education. We look forward to all he will accomplish in the future!

Please join us in
encouraging Jason
Dunn, July's Student
of the Month.
