

TLC STUDENT OF THE MONTH

JULY 2016

Jacky Ngo Um Tiba

Each month TLC selects a student who has benefitted from our services.

Our July student is Jacky Ngo Um Tiba.

No one who knows her doubts that Jacky Ngo Um Tiba is a determined student. After she finishes at SCC, she plans to transfer to a university and major in the arts. Originally referred by Tony at Career Services, she visits TLC every day. Originally from Cameroon by way of France, she followed family to Spartanburg. Her first language is French, and bravely, she has had to work hard to learn English while also attending college classes. Looking back, though she likes both countries, she says that she likes Cameroon better than France. She explains that in Cameroon, people are expected to be respectful to everyone and to share. "I know people here like me because of my Cameroon culture," which is a very kind culture, she says. She is happy to tell other students that TLC is a very good place to learn and to improve!
