

# ***TLC*** ***STUDENT OF*** ***THE MONTH***

*Each month TLC will select a student (s) who have benefitted from our services. June's student is Destiny Prince.*

Destiny Prince, this month's Student of the Month, could easily be the star of the next Spartanburg Community College advertisement as she describes the college as "a good place to start my degree with small classroom size." After working as a hairdresser, Destiny realized that her real passion is children, so she is majoring in early childhood education. Math tutor Mary Ann Hipp visited Destiny's math class, and she started coming to the TLC about three times weekly. The result was a perfect score on the math portion of the Praxis exam!!! Congratulations to another success story, Destiny Prince.

*Please join us in Encouraging Destiny Prince June's "Students of the Month."*

***June 2017***
